

LIST OF BOOKS USED AND WHERE TO FIND THEM  
**GRADE 2**

I listed the books we use for second grade, the place where I have found the lowest price, that price and finally other places you can order them. Also, you might look at used curriculum sales, garage sales and used home school book web sites or sales before buying them new. I have bought many used books from Amazon.com for a fraction of the new price and haven't been disappointed yet.
