

## LIST OF BOOKS USED AND WHERE TO FIND THEM KINDERGARTEN

I listed the books we use for kindergarten, the place where I have found the lowest prices, that price and finally other places you can order them. Also, you might look at used curriculum sales, garage sales and used homeschool book web sites before buying them new. You can buy a lot of these books used from Amazon.com for around half the price. I have purchased many used books from amazon.com and have always been happy with them. We re-use some of these books for first grade such as *Sing, Spell, Read and Write* for language arts and *The 20<sup>th</sup> Century Children's Book Treasury* for a reader. The prices I have listed are approximate.

From Christian Book Distributors

The approximate total for all books and the planner when paying full price is \$400.00. Remember that you will also be using Read, Write, Sing & Spell for first grade, so first grade will be less expensive. You can also use most the books for subsequent children. I have found these books to be highly sought after and can be easily sold used.
