## DAY 110

KINDERGARTEN

### ART

#### Finger Painting with Pudding

Items needed are:

Pudding

Dinner plates

Say: Today we are going to finger paint but this isn't normal finger painting with real paints, this is finger painting with pudding! First you need to wash your hand really well and then we will begin. Now put a big spoonful of pudding onto your plate. Spread it around with your spoon or finger and then make some pictures...maybe a sun or a cross or a flower. Can you write your first name? After you are done making some pictures you can clean up your mess, with your fingers and tongues of course!
